

RUSSIAN FEDERATION

THE FEDERAL LAW

**ON AMENDMENTS
TO ARTICLE 1360 OF PART 4 OF THE CIVIL CODE
OF THE RUSSIAN FEDERATION**

Adopted by
State Duma
on 13 April 2021

Approved by
Federation Council
on 23 April 2021

To make the following amendments to Article 1360 of Part 4 of the Civil Code of the Russian Federation:

“Article 1360. The use of invention, lay-out design or industrial design in the interests of the national security

1. The Government of the Russian Federation, in a situation of emergency connected with the need to ensure the national protection and security, protection of citizens’ health and lives, is empowered to use an invention, a lay-out or an industrial design without patent holder’s authorization notifying him as soon as possible and paying him an appropriate remuneration.

2. The Government of the Russian Federation approves the methodology of determination of remuneration and the procedure of its payment.

The President
of the Russian Federation
Vladimir Putin
