(9) The Authority may specify different fees for particular classes of content provision contractors.

and shall have regard to the results of such a survey in deciding, in relation to any community content provision contract it proposes to enter into with members of that community next after the conduct of that survey, with whom it shall enter into such a contract and the nature of the terms and conditions it may include in that contract.

(7) If the holder of a MMD system transmission licence is required under *section 76 (4)*, or an appropriate network provider referred to in *section 77 (1)* is required under *subsection (8)* of that section, to transmit as a broadcasting service the programme material supplied pursuant to a community content provision contract, the holder or an appropriate network service provider shall not be—

(6) A holder of an electronic programme guide contract shall not design an electronic programme guide in such a way as to result in a user of the guide experiencing difficulty in accessing the programme material supplied by a broadcasting contractor, a content provision contractor or a broadcaster under *Part 7* .

(7) If the Authority considers it appropriate to do so in order

that members of the public may keep themselves informed of the choice of programme material available for viewing on broadcasting services included as part of a multiplex (within the meaning of *section 129*) it may invite expressions of interest in the securing of an electronic programme guide contract.

(b) in case the MMD system used by that holder is, in whole or in part, a digital system, each free-to-air service provided by RTÉ and by TG4 and the free-to-air service provided under *section 70* by the television service programme contractor and which that body or contractor requests the holder to so distribute.

(2) If a dispute arises between the holder of a licence referred to in *subsection (1)* and a body or contractor referred to in *subsection (1)* in relation to the placement by the holder, relative to the placement by him or her of another broadcasting service, on the system concerned of a free-to-air service provided by that body or contractor, being a placement made on a MMD system for the purposes of the holder's complying with a request by that body or contractor under *subsection (1)*, as the case may be, the dispute shall be referred to the Authority for its determination and the determination of the Authority in the matter shall be final.

(3) The holder of a licence referred to in *subsection (1)* shall not impose a charge in relation to the making available to a person of any service referred to in *subsection (1)* if he or she imposes a charge on that person in relation to the making available of any other service to that person by means of the MMD system concerned.

The Minister may make an order to that effect.

(4) An appropriate network provider shall ensure the re-transmission, by or through his or her appropriate network, of each free-to-air television service provided for the time being by RTÉ, TG4 and the free-to-air service provided under *section 70* by the television service programme contractor which that body or contractor requests the appropriate network provider to so re-transmit.

(5) If a dispute arises between the appropriate network provider and RTÉ, TG4 or the television programme service contractor in relation to the placement by the appropriate network provider, relative to the placement by him or her of another broadcasting service, on the system concerned of a free-to-air service provided by that body or contractor, being a placement made on an appropriate network for the purposes of the appropriate network provider complying with a request by that body or contractor under *subsection (4)*, the dispute shall be referred to the Authority for its determination and the determination of the Authority in the matter shall be final.

(8) The Authority may require an appropriate network provider to transmit as a broadcasting service, by means of specified appropriate networks (whether analogue or digital) maintained by the appropriate network provider, the whole or part of the programme material supplied under one or more specified community content provision contracts the holders of which are members of the local community or community of interest that is served by the said appropriate network and who request the first-mentioned appropriate network provider to so transmit the whole or, as the case may be, part of that programme material.

(9) A person of whom a requirement is made by the Authority under *subsection (8)* shall comply with that requirement.

(12) RTÉ, TG4 and the television service programme contractor shall ensure that their must-offer services are at all times offered for broadcast or re-transmission (subject to agreement as to fair, reasonable and non-discriminatory terms of use) by means of every satellite television service.

(13) Arrangements entered into under *subsection (12)* shall not result in an additional charge on any subscriber to a satellite television service by reason of the making available to that subscriber of any must-offer service by way of the satellite television service.

(14) Subject to the requirements of any contract made under *section 74* any arrangement entered into under *subsection (12)* shall ensure that the electronic programme guide by which members of the public access the satellite television service shall prioritise the positioning of the must-offer service for the purposes of that satellite television service and for the purposes of any other satellite television service which also utilises the same electronic programme guide for the purposes of making a satellite television service available for reception in an intelligible form by members of the public in the whole of or in part of the State.

(15) The Authority shall report to the Minister on an annual basis in relation to the operation of this section.

(16) (a) An order under *subsection (2)* shall be laid before each House of the Oireachtas by the Minister as soon as may be after it is made.

Designation of major events.

162.— (1) The Minister may by order—

- (a) designate events as events of major importance to society for which the right of a qualifying broadcaster to provide coverage on free television services should be provided in the public interest, and
- (b) determine whether coverage on free television services of an event designated under *paragraph (a)* should be available—

(i) on a live, deferred or both live and deferred basis, and

(ii) in whole, in part or both in whole and in part.

(2) The Minister shall have regard to all the circumstances and in particular each of the following criteria in making a designation under *subsection (1) (a)*:

- (b) publish a notice of the event which the Minister intends to designate under that section on a website maintained by him or her and where appropriate in a newspaper circulating in the State, and
- (c) invite comments on the intended designation from members of the public.

(2) The inability to establish who is the organiser of an event or the failure of the organiser or a broadcaster under the jurisdiction of the State to respond to the Minister's efforts to consult shall not preclude the making of a designation order.

Broadcasters' duties with respect to designated events.

164.— (1) Where a broadcaster under the jurisdiction of the State who is not a qualifying broadcaster acquires exclusive rights to broadcast a designated event, that broadcaster shall not broadcast the event unless the event has been made available to a qualifying broadcaster, in accordance with the designation order concerned, on request and the payment of reasonable market rates by the qualifying broadcaster.

Civil remedies.

166.— (1) Where it is alleged by a broadcaster (the “aggrieved broadcaster”) that any activity or conduct prohibited by *section 164* or *165* is being, has been or is about to be carried on by one or more other broadcasters (the “other broadcaster”), the aggrieved broadcaster shall be entitled to apply to the High Court for the following remedies against the other broadcaster:

- (a) an order restraining the other broadcaster from carrying on or attempting to carry on the activity or conduct prohibited by *section 164* or *165* ;

- (d) a direction that the right to provide television coverage of the event shall be offered to the aggrieved broadcaster at reasonable market rates.

(2) An application to the High Court for an order referred to in *subsection (1)* shall be by motion and the Court, when considering the matter, may make such interim or interlocutory order as it considers appropriate.

Reasonable market rates.

167.— (1) For the purpose of *section 164 (1)*, if broadcasters are unable to agree on what constitutes reasonable market rates with respect to television coverage of an event, either of the broadcasters may apply to the High Court in a summary manner for an order determining reasonable market rates for an event.

(2) An order under *subsection (1)* may contain such consequential or supplementary provisions as the High Court considers appropriate.

Qualifying broadcaster may apply to High Court to obtain rights from event organiser to provide coverage of designated event on free television services in State, etc.

168.— (1) Where an event has been designated, and if within 56 days, or such other lesser or greater period which the Minister directs, before the event or a part of it takes place the event organiser has not made an agreement or arrangement with a qualifying broadcaster to enable it to provide coverage on free television services in the State of the event or part of it, as determined under *section 162 (1) (b)* in the designation order which designated the event—

- (a) subject to *subsection (3)*, a qualifying broadcaster may apply to the High Court in a summary

manner for an order directing the event organiser to give rights to the qualifying broadcaster to provide such coverage and upon such terms as are fixed by the High Court, including the fixing of reasonable market rates, in respect of the acquisition of the rights, or

(b) within that period a qualifying broadcaster has not so applied, the event organiser may apply to the High Court in a summary manner to request the High Court to invite qualifying broadcasters to make such an application.

(2) Subject to *subsection (3)*, the High Court may, on application to it under *subsection (1)* by a qualifying broadcaster, direct the event organiser, upon such terms as to the Court appears just and proper, to give to the qualifying broadcaster rights to provide coverage of the designated event or part of it on free television services, as determined under *section 162 (1) (b)* in the designation order which designated the event, notwithstanding that all of the terms for the acquisition of the rights to provide coverage under *subsection (1)*, have not yet been fixed by it, including the fixing of reasonable market rates.

(3) *Subsection (1)* does not apply where an event organiser decides, prior to the making of an application under *subsection (1)*, not to allow coverage of an event or a part of it, as determined under *section 162 (1)(b)* in the designation order designating the event, on any television service provided by a broadcaster. Where an event organiser has so decided, the event organiser must notify, as soon as possible, the Minister.

(4) The High Court in fixing the terms under *subsection (1)* may, in arriving at a computation of reasonable market rates, to be paid by a qualifying broadcaster for the acquisition of the rights under that subsection, refer the computation of the rates to an arbitrator appointed by the High Court. The arbitrator shall report to the Court and the parties, by way of issuing an award, setting out the amount that he or she decides are reasonable market rates.

(5) An arbitration under *subsection (4)* shall be conducted in accordance with such procedures as are determined by the Court referring the computation of the rates to the arbitrator. The Court may, in determining such procedures, give such directions as it considers just and proper for the processing of the arbitration, including fixing the period within which the award of the arbitrator is to be issued.

(6) Where in an application under *subsection (1)*—

- (a) the High Court has fixed the reasonable market rates, or an arbitrator has issued an award under *subsection (4)*, and prior to the High Court making a final order in respect of the application, or
- (b) in the circumstances referred to in *subsection (2)*, the High Court indicates that it will fix the reasonable market rates for coverage of the event after the event has taken place, and prior to the event taking place,

the qualifying broadcaster may withdraw the application. The High Court may in these circumstances, having regard to the intention of the broadcaster making the application, award such costs to such party or parties to the application as it considers appropriate.

(7) The High Court may, either of its own motion or on application to it by an arbitrator appointed under *subsection (4)*, give, from time to time, such directions in connection with the arbitration as it considers just and proper.

(8) Where more than one qualifying broadcaster applies under *subsection (1)* for rights to provide coverage of a designated event or part of it and the High Court has fixed under this section the terms upon which a qualifying broadcaster may obtain the rights, the event organiser may choose to which qualifying broadcaster it gives the rights.

(9) Where there is an existing contract in respect of an event or part of it between the event organiser and another broadcaster, who is not a qualifying broadcaster, the High Court in an application to it under *subsection (1)* shall decide to whom and in which proportions monies in respect of the reasonable market rates, fixed under this section in respect of the acquisition of rights to the event or part of it, should be paid.

(10) The High Court may, if it considers it necessary, for the purposes of exercising its powers under this section, adjust an existing agreement or arrangement, in respect of rights to a designated event or a part of it, between the event organiser and a broadcaster, who is not a qualifying broadcaster.

(11) Without prejudice to *subsection (2)*, when considering any matter under this section, the High Court may make such interim or interlocutory order as it considers appropriate.

169.— (1) Where an event organiser is willing to sell rights enabling a qualifying broadcaster to provide coverage on free television services in the State of a designated event or a part of it, as determined under *section 162 (1) (b)* in the designation order which designated the event, but the qualifying broadcaster and the event organiser have not agreed the amount to be paid in respect of the acquisition of the rights, the following provisions of this section apply.

(2) The qualifying broadcaster or the event organiser may request the other to agree to the appointment of an arbitrator for the purposes of fixing reasonable market rates for the acquisition of the rights referred to in *subsection (1)*. In default of agreement, on the appointment of an arbitrator by the parties, the Minister may appoint an arbitrator, who he or she considers to be suitably qualified in this regard, within 21 days of being notified by either party of such default.

(3) An arbitrator appointed under *subsection (2)* shall issue his or her award, in writing, which, subject to *subsection (4)*, shall be a provisional award. The arbitrator shall notify the parties concerned of the award.

(4) An award issued under *subsection (3)* is not binding on the qualifying broadcaster concerned unless, within the period of 21 days from the date of issuing of the award of the arbitrator under *subsection (3)*, the qualifying broadcaster has notified the event organiser concerned of the qualifying broadcaster's acceptance of the award.

Sections 5 to 9 of the Wireless Telegraphy Act 1926

Section 182.

Grant of licences.

5.— (1) The appropriate authority may, subject to this Act and on payment of the prescribed fee (if any) grant to any person a licence to keep and have possession of apparatus for wireless telegraphy in any specified place in

the State or to keep and have possession of apparatus for wireless telegraphy in any specified ship or other vessel or aircraft.

(2) Every licence granted under this section shall be in such form, continue in force for such period and be subject to such conditions and restrictions (including conditions as to suspension and revocation) as shall be prescribed in regard to it by regulations made by the appropriate authority under section 6.

(3) Where it appears appropriate to the appropriate authority, it may, in the interests of the efficient and orderly use of wireless telegraphy, limit the number of licences for any particular class or classes of apparatus for wireless telegraphy granted under this section.

(4) This section does not apply to television sets.

(5) For the purposes of this Act and any regulations under section 6, a vehicle is itself deemed to be a place separate and distinct from the premises in which the vehicle is ordinarily kept, and place and specified place shall in this Act and in any such regulations be read accordingly.

Regulations in regard to licences.

6.— (1) The appropriate authority may make regulations prescribing in relation to all licences granted by it under section 5 or any particular class or classes of such licences all or any of the matters following that is to say—

- (a) the form of such licences,
- (b) the period during which such licences continue in force,
- (c) the manner in which, the terms on which, and the period or periods for which such licences may be renewed,
- (d) the circumstances in which or the terms under which such licences are granted,
- (e) the circumstances and manner in which such licences may be suspended or revoked by that authority,
- (f) the terms and conditions to be observed by the holders of such licences and subject to which such licences are

deemed to be granted,

- (g) the fees to be paid on the application, grant or renewal of such licences or classes of such licences, subject to such exceptions as the appropriate authority may prescribe, and the time and manner at and in which such fees are to be paid,
- (h) matters which such licences do not entitle or authorise the holder to do.

(2) Regulations made under this section may authorise and provide for the granting of a licence under section 5 subject to special terms, conditions, and restrictions to any person who satisfies the appropriate authority that the person requires the licence solely for the purpose of conducting experiments in wireless telegraphy.

(3) If it appears to be expedient to the appropriate authority to do so it may by instrument in writing recognise as valid a licence issued by another country or state in respect of a class or classes of apparatus for wireless telegraphy subject to such conditions or restrictions as to the use of such apparatus as that authority sees fit.

- (4) (a) Every regulation made under this section shall be laid before each House of the Oireachtas as soon as may be after it is made.
- (b) Either House of the Oireachtas may, within 21 sitting days after the day on which a regulation was laid before it in accordance with paragraph (a), pass a resolution annulling the regulation.
- (c) The annulment under paragraph (b) of a regulation takes effect immediately on the passing of the resolution concerned, but does not affect anything that was done under it before the passing of the resolution.

Obligation to furnish certain information.

7.— (1) The appropriate authority may, whenever it considers it appropriate to do so, serve on a person a special notice, accompanied by or including a form of declaration, requiring the person—

- (a) to state on the form of declaration such one or more of the matters specified in subsection (2) as is specified in the notice,
- (b) to complete and sign the declaration, and

The special notice is required to be in writing and to be sent by registered post.

(2) The matters which a person may be required under this section to state in a declaration are—

- (a) whether he or she does or does not keep or has or has not in his or her possession any apparatus for wireless telegraphy (other than television sets),
- (b) if he or she keeps or has in his or her possession any such apparatus, the nature of such apparatus, the name and address of the person by whom such apparatus was sold, let, hired or otherwise supplied to him or her and the place at which he or she keeps or has the same,
- (c) whether he or she has or has not a licence granted under section 5 and then in force,
- (d) if he or she has such a licence, the number, date, and office of issue of such licence,
- (e) any matter which the Commission may require for the purpose of an order under section 5 of the Wireless Telegraphy Act 1972 , and

Issue of search warrants.

8.— (1) A judge of the District Court may, upon the information on oath of an officer of the appropriate authority or of a member of the Garda Síochána that there is reasonable ground for believing that apparatus for wireless telegraphy is being kept or is being worked or used at any specified place, specified vehicle or in any specified ship or other vessel in contravention of the *Wireless Telegraphy Acts 1926 to 2009* or any regulation made or condition imposed under those Acts or the *Broadcasting (Offences) Acts 1968 to 2009*, issue to such officer or (with the consent of the appropriate authority) to such member of the Garda Síochána (as the case may be) a search warrant which shall be expressed and shall operate to authorise the officer of that authority or member of the Garda Síochána to whom the same is granted—

- (a) to enter, within one month from the date of issue of the warrant, on production of the warrant, if so requested, and if need be by force, the place, vehicle, ship or other vessel named in the information,
- (b) there to search for apparatus for wireless telegraphy and to examine all such apparatus or any such vehicle found there, and
- (c) to seize and take away all or any part of such apparatus which appears to such officer or member to be kept, worked or used in contravention of the *Wireless*

Telegraphy Acts 1926 to 2009 or any regulation made or condition imposed under those Acts or the *Broadcasting (Offences) Acts 1968 to 2009*.

(4) The appropriate authority shall, as soon as may be after the conclusion of any proceedings, deliver any thing seized and retained under this section to the person who in its opinion is the owner of it, unless—

- (a) the appropriate authority decides it is unable to ascertain who owns the thing, in which case the Police (Property) Act 1897 applies to the thing so seized and retained, or
- (b) such delivery would result in a contravention of the *Wireless Telegraphy Acts 1926 to 2009* or the *Broadcasting (Offences) Acts 1968 to 2009*, in which case the Police (Property) Act 1897 applies to the thing so seized and retained as though the appropriate authority could not ascertain the owner of the thing.

(5) (a) A person who by act or omission impedes or obstructs an officer of the appropriate authority or a member of

the Garda Síochána or any other person in the exercise of a power conferred by a search warrant issued under this section commits an offence.
